**QUESTION 1: READING FOR MEANING AND UNDERSTANDING****TEXT A**

**Read the story below and then answer questions that follow.**

**THE STORY OF A DAM**

1. There was a great drought in the land; and Lion called together a number of animals so that they might make a plan for keeping water when the rains fell.
2. The animals which attended were Hyena, Leopard, Wolf, Jackal, Hare and Mountain Tortoise.
3. It was agreed that they should dig a large hole in some suitable place to hold water. The next day they all began to work, with the exception of Jackal, who hung about in that spot, and was overheard complaining that he was not going to dig his nails off making water holes.
4. When the dam was finished, the rains fell. It was soon filled with water, to the great delight of those who had worked so hard at it. The first one to come and drink was Jackal. He not only drank, but filled his clay pot with water. He then proceeded to swim in the rest of the water, making it as muddy and dirty as he could.
5. This was brought to the attention of Lion, who was very angry. Lion ordered Hyena to guard the water the next day, armed with a huge knobkierie\*. Hyena hid in a bush close to the water. Jackal soon became aware of his

presence, and guessed the reason why Hyena was hiding there. Knowing that Hyenas loved honey, Jackal at once came up with a plan. He marched around, dipping his fingers into his clay pot every now and then, licking them with an expression of intense pleasure while saying in a low voice to himself, "I don't want any of their dirty water when I have a pot full of delicious honey." This was too much for Hyena, whose mouth began to water. He soon began to beg Jackal to give him a little honey, as he had been on watch duty for several hours, and was very hungry and tired.

6. Hyena put down the knobkierie when Jackal gave him the clay pot. Jackal took the knobkierie and hit Hyena over the head with it, knocking Hyena unconscious. Jackal took all the water he wanted. All the animals were angry and thought Hyena was naive. Up until today, neither Jackal nor Hyena is trusted by other animals.
