These workbooks have been developed for the children of South Africa under the leadership of the Minister of Basic Education, Mrs Angie Motshekga, and the Deputy Minister of Basic Education, Mr Enver Surty.

The Rainbow Workbooks form part of the Department of Basic Education’s range of interventions aimed at improving the performance of South African learners in the first six grades. As one of the priorities of the Government’s Plan of Action, this project has been made possible by the generous funding of the National Treasury. This has enabled the Department to make these workbooks, in all the official languages, available at no cost.

We hope that teachers will find these workbooks useful in their everyday teaching and in ensuring that their learners cover the curriculum. We have taken care to guide the teacher through each of the activities by the inclusion of icons that indicate what it is that the learner should do.

We sincerely hope that children will enjoy working through the book as they grow and learn, and that you, the teacher, will share their pleasure.

We wish you and your learners every success in using these workbooks.

Draw hoops to show the groups of five.

Fill in the missing numbers and draw hoops to show groups of five.

Complete the number line. Draw hoops to show groups of five.

There are [ ] groups of five.
Cut out the missing numbers from Cut-out 2 and place them on the number lines.

- 31, 32, 33, 34, 36, 37, 38, 39
- 41, 42, 43, 44, 46, 47, 48, 49

Draw hoops to show the following:

- 40, 45, 50
- 10, 15, 20
- 25, 30, 35
Number patterns of fives up to 80

How many groups of fives can you see in the picture?

Complete these pictures to show two groups of five in each block.
Cut out the missing numbers from Cut-out 2 and place them on the number lines.

Draw the hoops to show the following:

55, 60, 65

65, 70, 75

70, 75, 80
Doubles

Double the items and fill in the answer.

1 doubled is

4 doubled is

5 doubled is

Count the shapes on each butterfly’s wings. Complete the double number sentences.

7 + 7 =

or double 7 =

5 + 5 =

or double 5 =

2 + 2 =

or double 2 =
How many wheels do you see?

How many wheels do you see now?

How many eggs are there in a carton?

How many eggs are there now?

Count the dots and then double them.

<table>
<thead>

Complete the following:

How many days are there in a week?

We say double 7 is 14. What will half of 14 be?

How many feet do you see?

We say double 2 is 4. What will half of 4 be?

Complete the following:

2 + 2 + 1 = 5 or Double 2 + 1 = 5

4 + 4 + 1 = 5 or

7 + 7 + 1 = 5 or
Halves

Cross out half of the children and write the answer.

Half of 4 is ___________
Half of 6 is ___________
Half of 2 is ___________
Half of 8 is ___________

Cross out half and then fill in the answer.

Half of 2 =
Half of 4 =
Half of 6 =
Half of 8 =
Half of 10 =

How many fish are there?
Half of the fish is?
Count the dots and halve them.

How many caterpillars are there?

Half of the caterpillars is?

Answer the following:

How many legs are there?

How many legs are there now?

We say half of 8 is
3-D objects

Tick the smallest object.

Draw a bigger object on the right hand side of each picture.

Draw a ball that is bigger than the blue ball. Draw a ball that is smaller than the grey ball.

Draw a box that is smaller than the yellow box. Draw a box that is bigger than the green box.
Can you build a tower with the following objects?

Colour yes or no.

<table>
<thead>
<tr>
<th>Colour the smallest box blue and the smallest ball yellow.</th>
<th>Colour the biggest box pink and the biggest ball red.</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image1" alt="Box" /> <img src="image2" alt="Box" /> <img src="image3" alt="Box" /> <img src="image4" alt="Box" /> <img src="image5" alt="Ball" /> <img src="image6" alt="Ball" /> <img src="image7" alt="Ball" /></td>
<td><img src="image8" alt="Box" /> <img src="image9" alt="Box" /> <img src="image10" alt="Box" /> <img src="image11" alt="Box" /> <img src="image12" alt="Ball" /> <img src="image13" alt="Ball" /> <img src="image14" alt="Ball" /></td>
</tr>
</tbody>
</table>

Can you build a tower with the following objects?

Colour yes or no.

<table>
<thead>
<tr>
<th>Colour the smallest box blue and the smallest ball yellow.</th>
<th>Colour the biggest box pink and the biggest ball red.</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image15" alt="Object" /> <img src="image16" alt="Object" /> <img src="image17" alt="Object" /> <img src="image18" alt="Object" /> <img src="image19" alt="Object" /></td>
<td><img src="image20" alt="Object" /> <img src="image21" alt="Object" /> <img src="image22" alt="Object" /> <img src="image23" alt="Object" /> <img src="image24" alt="Object" /></td>
</tr>
</tbody>
</table>

Cut and paste pictures from a magazine or newspaper to make two of your own towers.

Remember the towers must balance.
3D objects – Slide and roll

Will these objects roll or slide?
Colour the correct answer.

- Basketball
  - roll
  - slide

- OMO box
  - roll
  - slide

- Football
  - roll
  - slide

Is the following possible?
Colour the correct answer.

1. Basketball on a block
   - yes
   - no

2. OMO box on a block
   - yes
   - no

3. Football on a block
   - yes
   - no
Sort the following objects by drawing them in the correct block.

<table>
<thead>
<tr>
<th>Balls</th>
<th>Boxes</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image1" alt="Small balls" /></td>
<td><img src="image2" alt="Balls" /></td>

Groups of two up to 15

Write the number name for this number symbol.

2  two

Answer the questions.

How many penguins do you see?

How many pairs of feet do you see?

Write it as a number sentence:

Answer the questions.

How many books are there?

How many groups of two can I make?

Write it as a number sentence.

Write the number name for this number symbol.

4

Count the wings, then fill in your answer.

2 + 2 =   2 + 2 + 2 =   2 + 2 + 2 + 2 =
Draw circles around the following to make:

- 4 groups of 2
- 5 groups of 2
- 6 groups of 2
- 7 groups of 2

Write a number sentence for the following:

How many groups of two can you make?

<p>| | | | |</p>
<table>

</table>
Twos up to 15

Fill in the missing numbers.

1 3 5 7 9 11 13 15

Make groups of two.
Draw a circle round each group of two.

How many groups of apples are there?
How many apples will each child get?

How many groups of sweets are there?
How many sweets will each child get?

How many groups of marbles are there?
How many marbles will each child get?

How many groups of marbles are there?
How many marbles will each child get?
Fill in the missing numbers.

Write a number sentence using twos.

Calculate the following:

Circle groups of twos in each line.
Number patterns 2 to 50

Cut out the missing numbers from Cut-out 2 and paste them on the number line. Also complete the hoops.

Complete the pattern by colouring the correct numbers:

31 32 33 34 35 36 37 38 39 40
41 42 43 44 45 46 47 48 49 50

Draw hoops to show the following:

30, 32, 34

28 30 32 34 36 38

40, 42, 44

38 40 42 44 46 48

46, 48, 50

40 42 44 46 48 50
Cut the numbers from Cut-out 2 and place them on the number line. Complete the hoops.

Complete the pattern by colouring the correct numbers.

Draw hoops to show the following:

61, 62, 63, 64, 65, 66, 67, 68, 69, 70
71, 72, 73, 74, 75, 76, 77, 78, 79, 80

54, 56, 58

50, 52, 54, 56, 58, 60

64, 66, 68

60, 62, 64, 66, 68, 70

72, 74, 76

70, 72, 74, 76, 77, 80
Symmetry

1. Colour the two parts of the shapes that will make one shape.

2. Draw the other half and colour it.

3. Draw a line to divide these pictures into two so that both sides look exactly the same.
Draw the other half of the shape using the grid board to guide you.

Draw a line to divide these shapes into two parts that look exactly the same.
Numbers and Place value

Fill in the missing numbers.

1. 10 11 12 13 14 15
2. 9 10 11 12 13 14

Fill in the answer.

1. \(10 + 1 = \ )
2. \(10 + 2 = \ )
3. \(10 + 5 = \ )
4. \(10 + 3 = \ )
5. \(15 - 10 = \ )
6. \(14 - 10 = \ )
7. \(12 - 10 = \ )
8. \(11 - 10 = \ )
Calculate each colour sum and then colour in the correct puzzle piece that has the right number. Use the same colour. We have done the first one for you.

- 10 + 1 in red
- 10 + 5 in blue
- 10 + 0 in green
- 10 + 2 in orange
- 10 + 3 in pink
- 10 + 4 in yellow

Show ten and four on the number line:
Length

Measure the length and width of a desk or table using the length of your hand. How many hand spans for the length of the table?

How many hand spans for the width?

The length is _____ hand spans.  The width is _____ hand spans.

How many foot spans on the side?

Fill in the answer.

The length is _____ hand spans.
What is the length and the width of this box?

The length is _____ bottle tops long.  The width is _____ bottle tops long.

How many bottle tops long is the side?
Number 16

Revision:
Practice writing the number name and complete the pattern.

7  seven

Match the pictures.

Trace the numbers.

16  16  16  16
sixteen

16  16  16  16
sixteen

Circle only 16 beads.

How many are left? ___

0  1  2  3  4  5  6  7  8  9  10
Draw 16 objects. Now draw them in a different way.

Fill in the missing number. Complete the table. Each row has a picture, a number and the word for that number.

What is one less than sixteen? What is two less than sixteen? What is one more than sixteen? What is two more than sixteen?

Fill in the missing numbers.
**Number 17**

**Revision:**
Practice writing the number name and complete the pattern.

| 8 | eight |

Match the pictures.

<td>10</td>
</tr>
<tr>
<td>6</td>
<td></td>
</tr>
</tbody>
</table>

Use the words less and more to complete these:

35 is __________ than 38

79 is __________ than 65
Addition

1. Circle the bigger number in each block.

<table>
<thead>
<tr>
<th>3</th>
<th>5</th>
<th>15</th>
<th>11</th>
<th>20</th>
<th>8</th>
</tr>
</thead>
<tbody>
<tr>
<td>8</td>
<td>7</td>
<td>12</td>
<td>6</td>
<td>17</td>
<td>18</td>
</tr>
</tbody>
</table>

2. Add the following.
   Start by putting the biggest number first.

   - \(1 + 1 + 5 = \)
   - \(5 + 1 + 1 = \)
   - \(6 + 2 + 10 = \)
   - \(3 + 4 + 2 = \)
   - \(2 + 6 + 3 = \)
   - \(1 + 10 + 2 = \)

3. Add the blocks.

   - \(10 + 2 + 3 = 15\)
   - \(10 + 5 = 15\)

4. Write a number sentence for the following:

   - \(1\) + \(2\) + \(3\) = \(15\)
   - \(1\) + \(10\) + \(2\) = \(13\)
   - \(2\) + \(6\) + \(3\) = \(11\)
Write a number sentence for each of the following:

\[
\begin{align*}
8 + 4 &= 12 \\
10 + 2 &= 12 \\
12 + 8 &= 20 \\
15 + 5 &= 20 \\
9 + 6 &= 15 \\
14 + 3 &= 17
\end{align*}
\]

Fill in the missing numbers.

\[
\begin{array}{ccc}
+ & 14 & = 17 \\
9 & + & = 20 \\
12 & + & 8 = \\
15 & + & = 20 \\
& + & 6 = 13 \\
14 & + & 3 = 0
\end{array}
\]
Subtraction

1. Calculate.

\[
\begin{array}{c}
17 \\
19 \\
14 \\
12 \\
\end{array}
\begin{array}{c}
\hline

\hline
\hline
\end{array}
\]

5. Complete the sums using the drawings.

\[
16 - \Box = 11
\]

\[
10 + \Box = \Box
\]
Subtract the blocks.

<table>
<thead>
<tr>
<th>(10 + 3) - 2 =</th>
<th>11 + 7 =</th>
<th>19 - 7 =</th>
</tr>
</thead>
<tbody>
<tr>
<td>13 - 2 =</td>
<td>11 + 4 +</td>
<td>19 - (5 +</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Calculate the following:

<table>
<thead>
<tr>
<th>(10 + 3) - 2 =</th>
<th>11 + 7 =</th>
<th>19 - 7 =</th>
</tr>
</thead>
<tbody>
<tr>
<td>11 + 5 +</td>
<td>11 + 7 =</td>
<td>17 - 9 =</td>
</tr>
<tr>
<td></td>
<td></td>
<td>17 - (7 +</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Complete the following:

Double 5 is
Double 7 is
Double 10 is
Double 3 is
Double 2 is
Double 9 is
Double 4 is
Double 8 is
Double 1 is

9 + 9 - 1 = or Double 9 - 1 =
4 + 4 - 1 = or Double 5 - 1 =

Answer the following:

Teacher: 
Sign: 
Date:
Addition and subtraction

Count how many cats there are sitting in the sun. At night, some of them go to sleep behind the wall. Work out how many are behind the wall and write it down.

Solve the following. You can make a drawing to help you.

1. Lerato had 4 oranges. Peter gave her 13 oranges. How many oranges does she have now?

2. Mandla has 5 pencil crayons. Anne has 8 pencil crayons. Who has fewer pencil crayons?
Use a number line to solve the following:

Thandi has 6 green and 9 blue marbles. How many marbles does she have?

Lerato has 16 marbles. Eight are green and the rest are blue. How many blue marbles does Lerato have?

Thandi has 19 bananas. Themba has 10 bananas. How many more bananas does Thandi have than Themba?

Which numbers lie between 25 and 30?

Circle the number that is 1 more than 76.

Circle the number that is 2 more than 76.
Ordinal numbers

Who came first in the race?
Write the position below them.

Who got gold? _____________
Who got silver? _____________

Draw a string of beads as follows:
The first bead is blue.
The second bead is red.
The third bead is green.
The fourth bead is yellow.
The fifth bead is blue.
The sixth bead is red.
The seventh bead is green.
The eighth bead is yellow.
The ninth bead is blue.
The tenth bead is red.

My string of beads.
Look at the order of the shapes. Copy the shapes in the correct places in the table. We have done the first one for you.

<table>
<thead>
<tr>
<th>Which shape is:</th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Fourth</td>
<td></td>
<td>Seventh</td>
</tr>
<tr>
<td>Fifth</td>
<td></td>
<td>Ninth</td>
</tr>
<tr>
<td>Second</td>
<td></td>
<td>Last</td>
</tr>
<tr>
<td>Third</td>
<td></td>
<td>Sixth</td>
</tr>
</tbody>
</table>

Do the following:

- Colour the first circle red.
- Colour the fifth circle yellow.
- Colour the eighth circle blue.
- Draw a 10 to 20 number line.
- Circle the third and the eighth numbers.
Objects and shapes

Revision:
Revision: Complete the pattern.

Find two pictures of a ball and two pictures of a box in a newspaper or magazine and paste them below.

Draw a blue circle around all the objects that can slide.
Draw a red square around all the objects that can roll.
Trace the word then draw the object.

box  ball

Count all the triangles and write the number.

Answer:

Trace and count the shapes.

Circles

Squares
Money

Which coins can you match?

Tick the coins and notes in each block that will give you the following:

- R10
- R20
- R15
Take away R2.

\[ R12 - R2 = R10 \]

Take away R5.

\[ R15 - R5 = R10 \]

How many different combinations can you draw for R20? We did the first one for you.

Circle the coin in each line with which you can buy the most.
More money

Calculate.

1. \( R5 \) + \( R7 \) =
2. \( R5 \) + \( R9 \) =

Fill in the answer.

3. \( R10 + R1 = \)
4. \( R10 + R2 = \)
5. \( R10 + R3 = \)
6. \( R10 + R4 = \)
7. \( R10 + R5 = \)

Which is more?
Circle your answer.

8. \( 5c \) or \( R5 \)
9. \( 20c \) or \( R20 \)
10. \( R1 \) or \( 50c \)
11. \( R2 \) or \( R1 \)
12. \( 20c \) or \( 50c \)

Add the numbers sideways and downwards and fill in the answers.

13. \( R2 \)
14. \( R4 \)
15. \( R9 \)
16. \( = \)

17. \( R7 \)
18. \( R3 \)
19. \( R5 \)
20. \( = \)

21. \( R6 \)
22. \( R8 \)
23. \( R1 \)
24. \( = \)

25. \( = \)
26. \( = \)
27. \( = \)
28. \( = \)
Look at the example and complete the rest.

James bought bread for R8. He paid for it with a R10 note. How much change did he get?

What is the question?

Write down the sum and calculate it.
_________________________

R17 = R10 + R7
R16 = +
R15 = +
R14 = +
R13 = +
R12 = +
2-D shapes

Tick the smallest shape in each block.

Tick the largest shape in each block.

Colour all the:
- squares blue
- triangles red
- circles green

Make a picture using shapes. We started each picture with 2 shapes.
Draw the shapes in the grid.
Use the small squares to help you.
Trace the following shapes.

1. \(\triangle\) triangle
2. \(\bigcirc\) circle
3. \(\square\) square
4. \(\bigcirc\) circle
5. \(\triangle\) triangle
6. \(\square\) square

Tick to say if the shape has straight or round sides.

1. \(\bigcirc\) round sides
2. \(\square\) round sides
3. \(\triangle\) round sides

Draw a shape with:

<table>
<thead>
<tr>
<th>straight sides</th>
<th>round sides</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>
Count the number of circles, squares and triangles.

Find a picture from a magazine of something that has:

- round sides
- straight sides
More 2-D shapes

Name the following shapes:

<p>| | | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image" alt="Circle" /></td>
<td><img src="image" alt="Square" /></td>
<td><img src="image" alt="Triangle" /></td>
</tr>
<tr>
<td><img src="image" alt="Diamond" /></td>
<td><img src="image" alt="Triangle" /></td>
<td><img src="image" alt="Circle" /></td>
</tr>
</tbody>
</table>

Draw your own picture using circles, triangles and squares only.
Draw the other half of each shape. Use the small squares to help you.

They all have straight and round sides.
Groups of five up to 20

Draw circles to make groups of five. How many groups of five do you have?

1 group of 5

Count the number of fingers. Write down your answer.

5 + 5 + 5 = 

5 + 5 + 5 + 5 = 

5 + 5 + 5 + 5 + 5 = 

5 + 5 + 5 + 5 + 5 + 5 =
Write a number sentence for each of the following:

How many 5c coins do you see?

Write it as a number sentence:

Answer the questions.

How many 5c coins do you see? [ ]

Write it as a number sentence:

Fill in the missing numbers.

<p>| | | | | | | | |</p>
<table>
<thead>
<tr>
<th></th>

<td>14</td>
<td>16</td>
<td>17</td>
<td>18</td>
<td>19</td>
</tr>
</tbody>
</table>
Fives – repeated addition up to 20

1. Make groups of five and write the number sentence.

   - 5 + 5 + 5 = __
   - 5 + 5 + 5 + 5 + 5 = __

2. Draw groups of shapes to show the number sentences.

   - 5 + 5 + 5 = __
   - 5 + 5 + 5 + 5 = __
Write a number sentence for each of the following:

5 + 5 = __

How many times do you count five numbers? _____

There are 3 hands on the window. How many fingers are on the window? Draw a picture and write a number sentence.
Sharing up to 20

Share the sweets between five friends. How many sweets will each get?

Each friend will get sweets.  
Each friend will get sweets.  
Each friend will get sweets.  
Each friend will get sweets.  
Each friend will get sweets.

Colour the multiples of five.

<table>
<thead>
<tr>

Date:
Answer the questions.

How many birds are there?

How many groups of two can you make?

Write a number sentence.

Draw circles to make the following.

- 7 groups of 2
- 8 groups of 2
- 9 groups of 2
- 10 groups of 2

Write a number sentence for the following.
Twos – repeated addition up to 20

How many legs are there? Write a number sentence for each.

Draw shapes for the following:

\[ 2 + 2 + 2 + 2 + 2 + 2 + 2 = 14 \]

\[ 2 + 2 + 2 + 2 + 2 + 2 + 2 + 2 + 2 + 2 = \]
Write a number sentence for the following:

\[ 2 + 2 + 2 + 2 + 2 + 2 + 2 = \]

Colour the multiples of two.

I have 6 packets with 2 sweets in each. How many sweets do I have?

Draw a picture and write a number sentence.

I have \[ \boxed{\text{sweets}} \].
Number patterns – twos to 100

Complete the pattern by colouring the numbers.

<table>
<thead>
<tr>
<th>61</th>
<th>62</th>
<th>63</th>
<th>64</th>
<th>65</th>
<th>66</th>
<th>67</th>
<th>68</th>
<th>69</th>
<th>70</th>
</tr>
</thead>
<tbody>
<tr>
<td>71</td>
<td>72</td>
<td>73</td>
<td>74</td>
<td>75</td>
<td>76</td>
<td>77</td>
<td>78</td>
<td>79</td>
<td>80</td>
</tr>
<tr>
<td>81</td>
<td>82</td>
<td>83</td>
<td>84</td>
<td>85</td>
<td>86</td>

<td>94</td>
<td>95</td>
<td>96</td>
<td>97</td>
<td>98</td>
<td>99</td>
<td>100</td>
</tr>
</tbody>
</table>

Draw hoops to show the following:

- 54, 56, 58
- 64, 66, 68
- 74, 76, 78
- 94, 96, 98

Fill in the missing numbers. Colour the pattern: 2, 4...

| 1 | 3 | 7 | 10 |
| 11 | 17 | 20 |

Complete the number line.
Cut out the numbers from Cut-out 2 and place them on the number lines where the numbers are missing. Also complete the hoops.
Number patterns – twos to 100

Can you see any patterns of twos?

Colour the blocks to show groups of twos. Count how many groups there are.

1 2 3 4 5 6 7 8 9 10
Match the groups of twos with the number sentence by drawing a line.

2 + 2 + 2 + 2 = 8
2 + 2 + 2 + 2 + 2 + 2 + 2 = 14
2 + 2 + 2 + 2 + 2 + 2 + 2 + 2 + 2 + 2 = 20
2 + 2 + 2 + 2 + 2 + 2 + 2 = 16
Mass (weight)

1. Write how many blocks are in each container. Circle the container that is heavier.

2. Write how many blocks are in each container. Circle the container that is lighter.

3. Count how many blocks there are. Then work out how many extra blocks are needed to balance the toy. We tell you how many blocks the toy weighs.

12 blocks
17 blocks
20 blocks
Draw an object that is heavier or lighter than the blocks.

Use 5 objects on your desk. First estimate how much it weighs and then weigh it on a scale or balance to check if your estimation was correct.

<table>
<thead>
<tr>
<th>Draw the object</th>
<th>Guess</th>

Doubling

Answer the following:

1. How many squares are there?
   - There are 6 squares.
   - We say double 12 is 24.

2. How many legs are there?
   - There are 2 legs.
   - We say double 6 is __.

3. How many skittles are there?
   - There are 5 skittles.
   - We say double 10 is __.

4. How many days are there in a week?
   - There are 7 days.
   - We say double 7 is __.

5. How many crayons are there?
   - There are 4 crayons.
   - We say double 8 is __.
**Double of 4** = 8

| Double of 10 | = |
| Double of 11 | = |
| Double of 2  | = |
| Double of 6  | = |

Fill in the answer.

<table>
<thead>
<tr>
<th>Double two is</th>
<th>four</th>

Halving

Answer the following:

How many squares are there? □ □
How many are there now? □ □

We say half of 24 is 12.

How many legs are there? □ □
How many legs are there now? □ □

We say half of 12 is □

How many skittles are there? □ □
How many skittles are there now? □ □

We say half of 20 is □

How many days are there in 2 weeks? □ □
How many days are there in one week? □ □

We say half of 14 is □

How many crayons are there? □ □
How many crayons are there now? □ □

We say half of 16 is □
### Fill in the answer.

| Half of 8   | = 4 |
| Half of 10  | =   |
| Half of 6   | =   |
| Half of 12  | =   |
| Half of 14  | =   |

### Fill in the answer.

| Half of four is | two |
| Half of six is  |     |
| Half of two is  |     |
| Half of eight is|     |
| Half of ten is  |     |

### Fill in the answer.

| Half of 10 is | 5   |
| Half of 12 is |     |
| Half of 14 is |     |
| Half of 16 is |     |
| Half of 18 is |     |
Data

Count how many different shapes there are, and then answer the questions.

1. How many squares are there?
2. How many triangles are there?
3. How many rectangles are there?
4. How many circles are there?
These fruit were chosen by 20 of your friends. Sort the fruit and make a drawing on the pictograph of the fruit that you sorted and then answer the questions below.

<table>
