

**Naam:**

**Name:** \_\_\_\_\_

Ons meet lengtes.

Measuring our heights.

1. Meet jou lengte en skryf dit neer. Meet nou 'n stukkie tou van dieselfde lengte, knip dit en stoor die toutjie in 'n koevert.

Measure your height en write the measurement below. Measure a piece of string of the same length, cut it and keep it in an envelope below.

2. Herhaal die proses in die laaste kwartaal.  
Repeat the process in the last term.

Datum 1 Datum 1 _____	Datum 2 Date 2 _____
Eerste Kwartaal First Term	Laaste Kwartaal Last term
_____ cm	_____ cm

3. Wat is die verskil tussen die twee mates? Hoeveel sentimeter het jy gegroei?

What is the difference between the two measurements? How much did you grow?

	<b>cm.</b>
